

LPPF-L is a projecting flag sign in a landscape configuration.

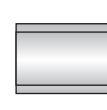

This elegant yet simple and straight forward double sided projecting flag sign is created by attaching two Leader Prestige profiles back to back, bolted to an oval shaped anodized aluminum base plate.

The LPPF-L is available in five heights: 94, 124, 168, 230 and 320mm with endless length options.

All presented length options are commonly used sizes; however, customized lengths are available upon request.

The Leader prestige features unique rounded micro snap side profiles, allowing a fast and simple insert change without compromising its elegance. The side clips are offered in 5 spectacular colored anodized finishes: Silver, gold, black, red, and blue.

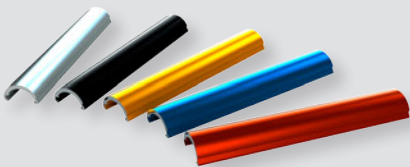

The Leader Prestige's profile's smooth face is great for direct vinyl graphics application or printed paper inserts as well.
